At present, water quality in the Lough Mask and Lough Carra Catchment is not as good as it could be. You are invited to an information meeting to hear about plans to improve water quality in this locality. There will be opportunity for questions and discussion with the people who will be working in your local catchment. This is a new approach aimed at improving water quality and everyone can play their part.

The area covered by the Lough Mask and Lough Carra Area for Action stretches from the townland of Cloonkeen to Barney and from Munterowen East to Dringeen Oughter.
